

# Abranet®

**SUHNER®**

*Grinding dust free - Now!*

## Your solution for

- heavily dust producing materials such as lacquers, paints, coatings, fillings and priming coats
- Gelcoats, stainless steel and plastics

### Better surface

Dust knots are avoided

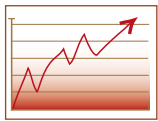

### No filling

Due to net structure filling is avoided

### Dust free

Due to net structure: dust extraction on entire grinding surface

### Efficiency

Longer life time and less consumption

## The complete solution - from SUHNER

+

+

=

### Abranet® Grinding Disc

Aluminium oxide with synthetic bond

### Available diameters

125 mm and 150 mm
